Description: The conference rotation year begins three years from the year hired. Principals and full-time assistant principals will have the opportunity to attend the respective National principals association conferences or an approved National conference. Taking advantage of Professional Learning Communities conferences is encouraged. As per Policy 7050 Employee Travel and Administrative Letter 25, school administrators must apply 30-days prior to the scheduled date of the convention. A complete cost itinerary (not to exceed \$2000) must be submitted to the Assistant Superintendent for approval. A travel request must also be submitted with the cost itinerary included in the note section of the request.

Note: Michelle North did not get her 2012-2013 Rotation Conference deferred properly; She asked for a 2013-2014 permission and so Brent added money into her account to pay for her Rotation Conference arrangements. I listed her as being back on Rotation for the 2015-2016 School Year.

Note: Anthony Horrocks requested permission to attend a conference one year earlier. Permission was granted by Rex Wilkey and Brent Bills with the stipulation that he wait four years and assume the correct rotation schedule (Beginning three years from date of hire which was April 2013-2014 (2016 being the first rotation year then to 2019-2020)

Note: If deferred a year, then they stay on their same rotation year and go again in two years (or one year if applicable), NOT three years after the deferral.
